COURSE DESCRIPTION (EN/L1 [if taught in L1])

Content

This course is designed to help educators build strong collaboration and teamwork skills, enabling them to work effectively with multidisciplinary teams from various fields and backgrounds. Participants will learn approaches that enhance the quality of education and support effective, lifelong learning through the integration of technology.

The course also focuses on equipping participants with essential skills for the future. They will learn practical, meaningful ways to incorporate advanced technology into their teaching, helping them remain adaptable in an ever-evolving educational landscape. By the end of the course, participants will feel confident in using these tools and strategies to drive positive change within their schools or institutions.

Overall, this course empowers educators to become leaders in their fields, enhancing their ability to engage students, foster collaboration, and improve the overall learning experience.

Competences & Learning Objectives

Overall, this course empowers educators to become leaders in their fields, enhancing their ability to engage students, foster collaboration, and improve the overall learning experience.
